Poltava Polytechnic Foreign Languages Hub (PP FLH)

Relevance

- vital need to know foreign languages for internalization
- great governmental support of English in Ukraine

Key benefit – to improve the level of foreign language proficiency among various segments of Poltava region population.

Goals

- to develop and hold leveled English language courses for civil servants and military personnel, and, if necessary, other professionals
- to develop and hold leveled everyday German language courses
- to create new jobs by involving graduates and Master's degree students to teach at the PP FLH
